Dear Sir-

You are receiving a copy of my new CD. I got your name and address from The latest Indie Bible. The Indie Bible lists your name and address because You are receptive to playing independent music by independent artists. Thank goodness for non-commercial radio stations like your radio station. Also, I obtained some of your names and address from John Conquest at 3rd Coast Music. Some of you are FAR Reporters. If you would listen to My CD for airplay consideration on your Freeform radio station, I would Really appreciate it. Airplay is so difficult to obtain these days on large Commercial radio stations that are owned and operated by large corporations. As I stated earlier, thank goodness for non-commercial radio stations. Thank you very much for your time. I really appreciate it.

Sincerely,

Bill Durham
